Movin' On

Stepping Into The World Of Education
We Emerge As Strong And Aware . . . We're
Movin' On!

With The Value Of Education And Life
As Out Guidelines, We Seek And Absorb Wisdom
. . .
We're Movin' On!

Engulfing The Minds Of Young — Old,
AJC Grows And Grows And Grows, . . . Cause
It's Movin' On!

Move On! Move On! Move On! Move On!

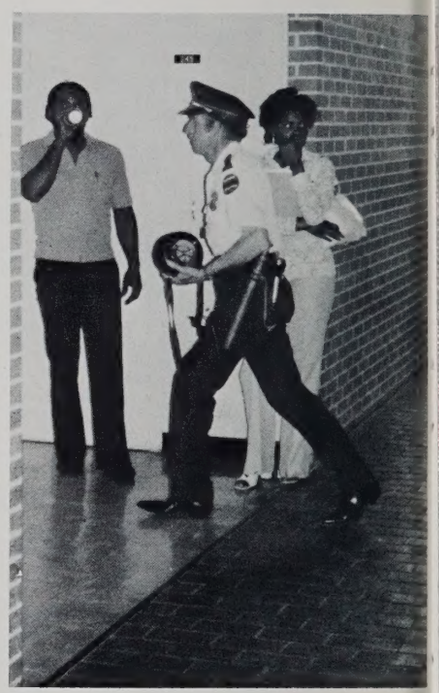
Opening Our Eyes And Souls To Reality
As We Discover People; Beautiful People, AJC
Is Movin' On!

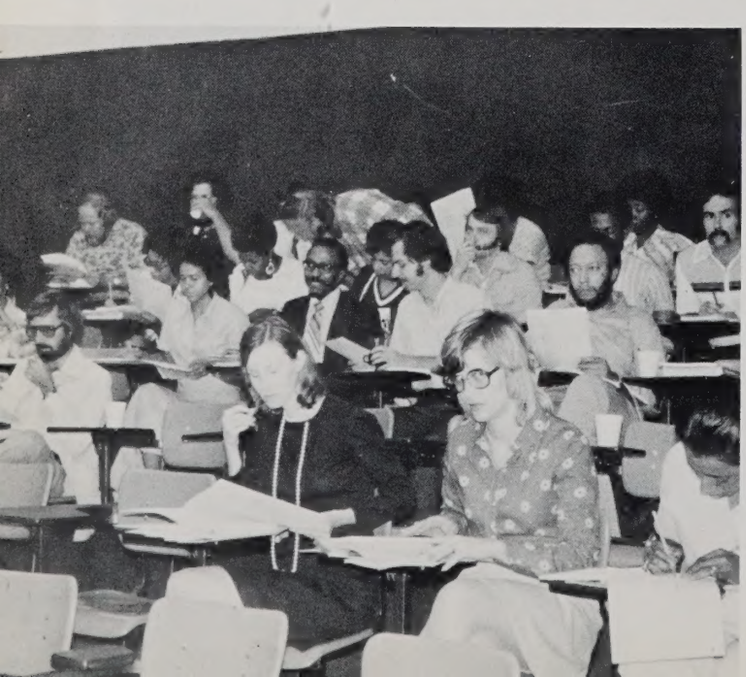
Faculty Doing Double-Overtime To Educate,
And Enunciate The Values Of Movin' On!

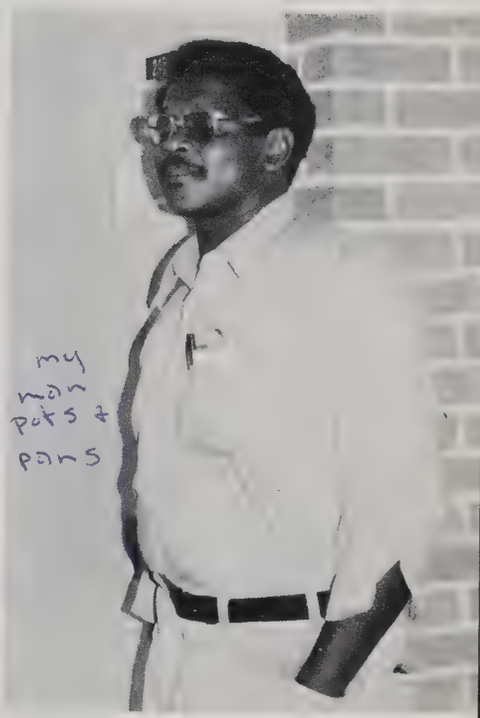
AJC is For You And Me! So Peacefully
We Move On, and On! And On!

Jimi Clarkson

In the beginning
there was nothing. Then
AJC was created; then
there was the Administration
and Faculty. Then came
the greatest creation of all
"We The Students of AJC."







A large part of
going to school is coming
together with our friends
whether we have many or just
one and exchanging views
and ideas.

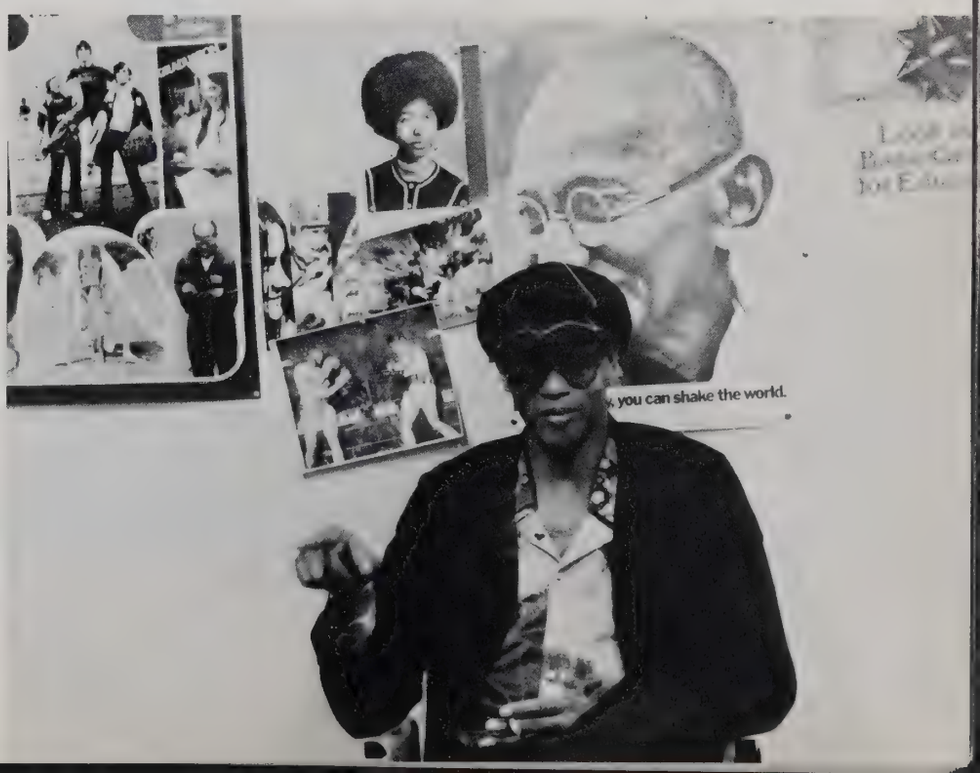
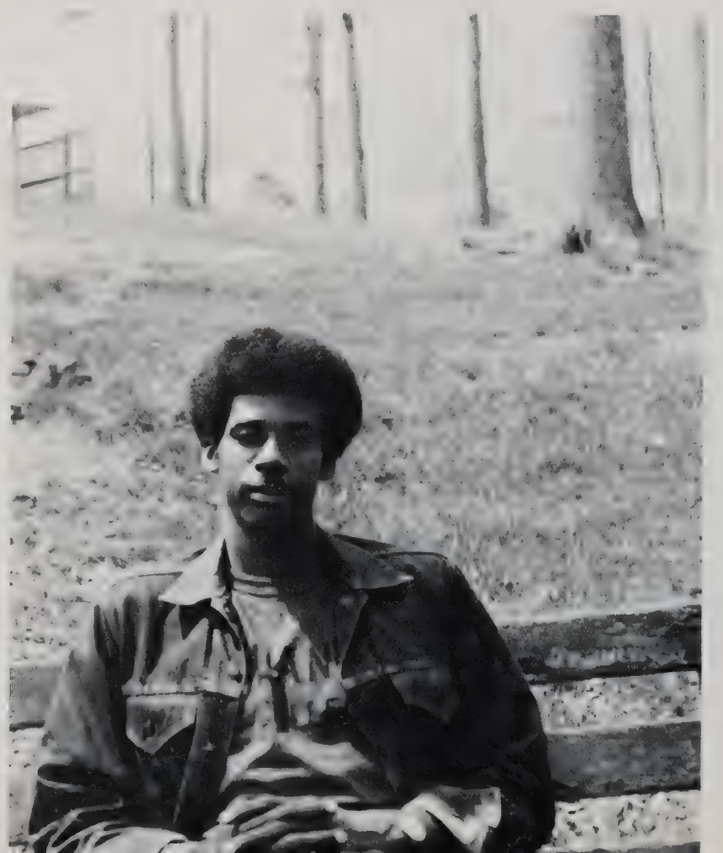
Student Life

Beorden

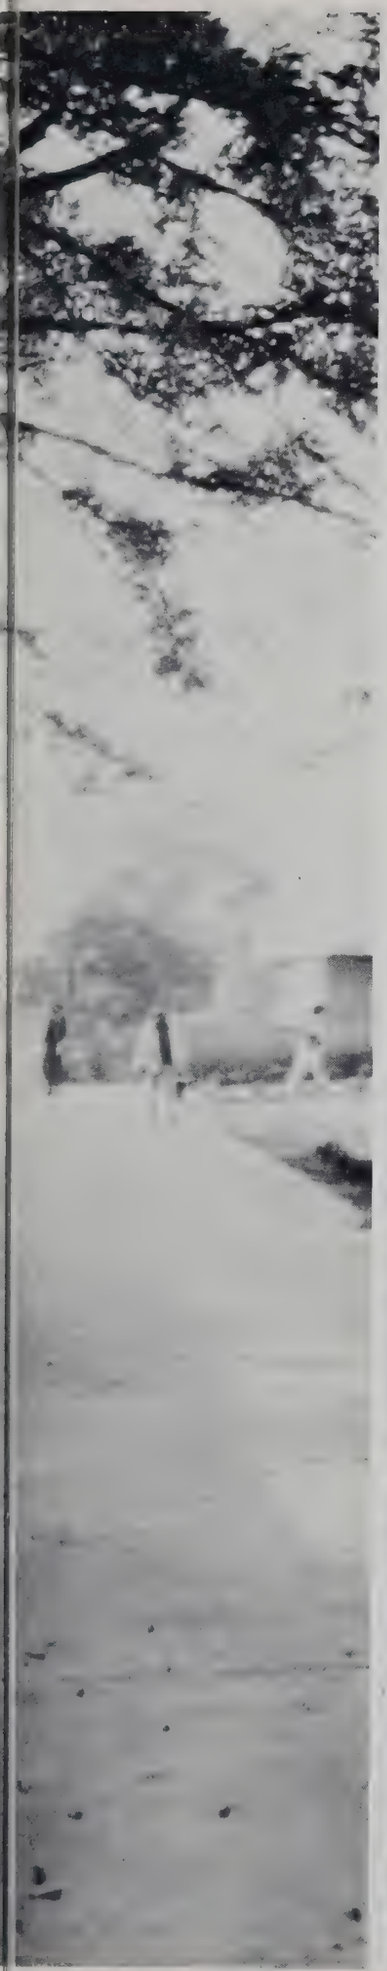
To live is good.
To live vividly is better.
To live vividly together is best.



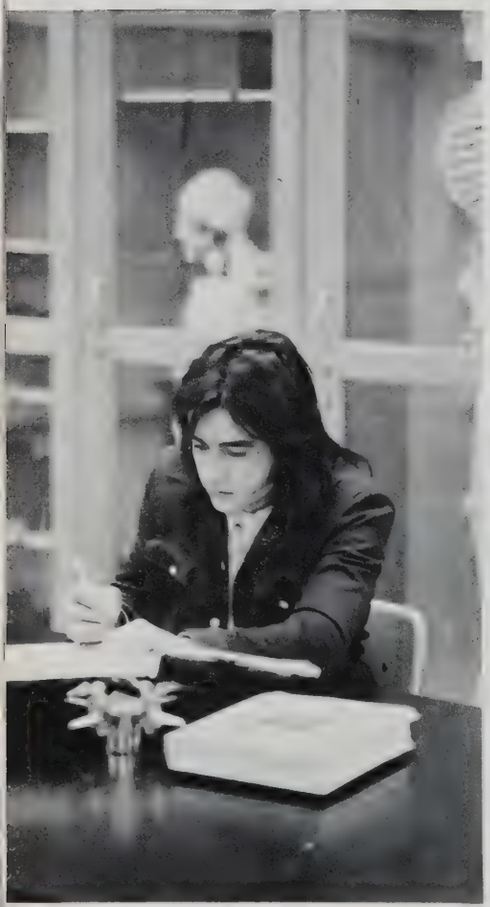
Different goals, interests, different appearances and ideologies, yet that's what makes you beautiful.

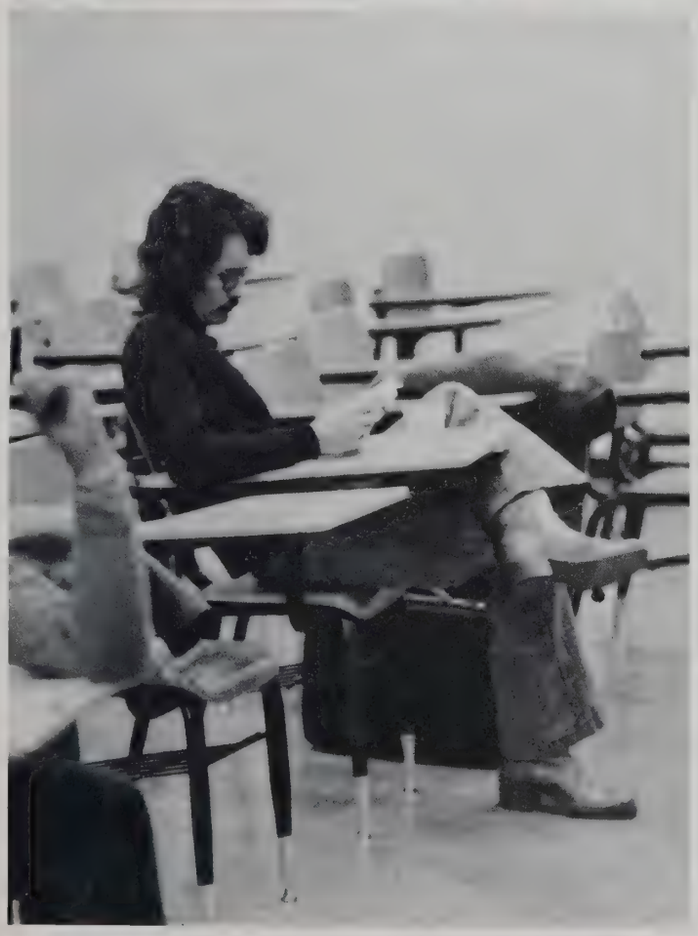


Reflection into your many moods
brings insight into the person
you really are.



Enlighten us,
Direct us,
Guide us,
Please teach us,
You are the light of the world.





This is the school
By which we come as one
Together we go forth
To a future that just begun.

By working together now and taking advantage of all the opportunities made available to us, we'll make fewer mistakes.

SAVANNAH TRIP

FORT VALLEY TRIP

Truely

Truely

Soul on Parade

The cars filed down the avenue as it's
occupants swayed from each curve it encountered.
The queens, smiling and waving at the audience
around them, seemed to salute the world
and entice them with their charm.
And the world was watching as if it had never
beheld such beauty.
The band, following the queen, danced and side
stepped in time as the bold drum major stomped
his foot and waved his baton.
And the world was listening to the sweet, soulful
sound as if it was sensitive to melody and harmony.
I watched, my eyes full of the sights and sounds,
and my heart beat rising and falling with such excitement.
And I watched the beauty of the blackness
of the soul on parade.

ATLANTA JUNIOR COLLEGE

1630 STEWART AVENUE, S.W.
ATLANTA, GEORGIA 30310

February 2, 1976

Dear Students,

We are especially privileged to have been subjected to the unusual experience of nurturing our college from the moment of its legal establishment, through many of its early growing pains, to the achievement of full college status; an experience that has provided us with unequalled opportunities for personal growth, development and maturity.

We have had much success in our efforts to overcome those seemingly insurmountable early growth problems and our overall progress at this juncture is indeed heartening.

My congratulations to you, the college community, for your understanding and patience during this unique growth period. Your support, encouragement and above all, your positive attitudes have been instrumental in making our many achievements possible.

I think that the theme selected for our first homecoming pageantry was most fitting. It describes best our present position in the higher education arena, "We've Only Just Begun." Together we can and will make Atlanta Junior College the outstanding educational institution it is destined to be.

Thank you for your continued cooperation.

Sincerely,

E. A. Thompson

Friends are important in our lives
With friends we laugh

We share our hopes, dreams,
Ambitions and fears. Our world
Without friends
would be very boring indeed.

Together we can help each other to discover depth and soul that give each of us the ability to relate and help.

EDITOR'S NOTE

An annual is composed of long hours, hard work, schedules, deadlines, meetings, budgets . . . and dedication in those who have given so much time and effort.

As I look back over the year, I have discovered that putting together a yearbook is not the easiest job in the world. The Genesis Staff and myself have learned that it takes a great deal of time, effort, and patience; plus a great deal of cooperation from everyone on campus to get the job done.

I would like to express a special thanks to the Genesis Staff, Mr. Bobby Olive, our advisor, and to Harold Gant who designed such a beautiful cover for the 1975-76 volume of Genesis. Also, thank you Dean Easley and Mr. New, without your cooperation and consideration we never would have made it.

It has been a great experience and a challenge, and I enjoyed every minute of it.

Movin' On

It always happens this way! Just when you really get into something, you have to leave it! Progress is being made. At the end of every year, there is a ceremony, it is called graduation or commencement! Really, it should be called "movin' on." Many of us have finished here and intend to get jobs, what few are available, and "move on." Others intend to pursue a higher degree in their particular field, another form of "movin on." Still some don't know for sure what they want, but they have to do something . . . a sure enough "movin' on."

How important it is to "move on?" Time has become so valuable, that it seems requisitioned to us like gas. Ahead are frustrating moments, happy moments, sad moments, rejoicing moments, a utilization of time itself. In that utilization of time for frustration, for sadness, for rejoicing, let the two words of Atlanta Jr. College Yearbook 1975-76 ring loud and penetrating in your mind!

Movin' On!

Seek peace graduates, seek understanding and be forever truthful in whatever choice of "movin' on," you do, and remember, it started right here.

Peace, Love and Understanding
